

Federal Communications Commission

Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2009 - December 31, 2009

Filing Confirmation Number: 0004093804

Filing Deadline: January 15, 2010

FRN: 0017176645

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer more than two handsets over any air interface to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period? Yes

Did you offer any handsets to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period?

Company Information

Company Name: Alltel Communications, LLC (by Management Trust)

PO Box:

Street Address: One Allied Drive

City: Little Rock

State: AR

Zip Code: 72202

Contact Name: Steven Duke

Contact Phone: (501) 905-6924

Contact Fax:

Contact Email: Steven.Duke@alltel.com

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets with the Wi-Fi air interface have clear and effective disclosure that the handset has not been tested for hearing aid compatibility with respect to its Wi-Fi voice operation? Yes

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Yes

Website address:

http://www.alltel.com/wps/portal/AlltelPublic!/ut/p/c1/04_SB8K8xLLM9MSSzPy8xBz9CP0os3hnP2-DoCBDAwN_HxcnAyNLZ0PLIE9DIN9MPxykA0mFu3eokYFRgFOWWZi7i5GBgQF

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Alltel's website has been updated to include information on HAC compliant handsets including: (1) a listing of HAC compliant handsets available to subscribers and their ratings; (2) a description of the ANSI Standard (M and T (where applicable) ratings); and (3) information on the features and capabilities of each handset.

Sales personnel at Alltel owned and operated retail locations have been familiarized with HAC requirements as well as the various handsets offered by Alltel that meet the HAC requirements. Sales personnel also generally are provided with direct access via the internet to HAC related information contained on Alltel's internet and intranet sites.

Alltel dedicates personnel to advising and servicing subscribers with disabilities, including those with HAC related concerns. Alltel personnel also regularly participate in and/or monitor trade shows and industry trade association programs featuring or regarding HAC compliant handsets including those offered by CTIA and ATIS.

Methodology for Functionality Levels

Alltel has categorized its various handset offerings along three basic tiers of functionality: (1) Basic; (2) EVDO; and (3) Smartphone. A Basic device is one that provides voice service and text messaging functions. If a Basic handset is equipped with data functionality, it utilizes 1xRTT technology.

EVDO device, in addition to offering voice and text functionality, offer faster data rates using 1xEVDO technology.

Smartphones offer voice and texting functionality, but also offer more advanced computer-like features such as full-featured email, personal organizer and, in many cases, the ability to add custom applications.

Report Remarks

Please note that this reported is being filed on behalf of the Management Trust for the properties to be divested in connection with the Verizon Wireless ("Verizon") merger with Alltel Communications, LLC ("Alltel") under the Verizon-Alltel Merger Order. See Applications of Cellco Partnership d/b/a Verizon and Atlantis Holdings, LLC for Consent to Transfer Control of Licenses, Authorizations, and Spectrum Manager and De Facto Transfer of Leasing Arrangements, Memorandum Opinion and Order and Declaratory Ruling, WT Docket No. 08-95 (rel. Nov. 10, 2008).
